STREET CIRCUS Want something a bit edgier? Hit the streets on the uni cycles, learn to vault over obstacles or strap on some rollerblades. Learn gravity defying tricking and staff twirling. Sign up for lots of fast-paced gritty circus fun.	ANTI-GRAVITY ACRO Discover Acro skills including partner and group balancing, human pyramids, and more! Mix up the session by testing your balance on rola-bola, globe, tight rope, head/handstands and stilts.	SIDESHOW ALLEY Fun and games have always been part of circus training, and you'll spend this session playing circus games, competing in some friendly circus skill competitions and battling your friends!
